**+EMS Local Assistance Grant Funding Opportunity Announcement****ADDENDUM #2 (January 6, 2016)**

The following changes, identified below, are incorporated into the +EMS Local Assistance Grant Funding Opportunity Announcement released on December 11, 2015.

The Application Deadline for the +EMS Grant Funding Opportunity is changed from January 19, 2016 to January 28, 2016. This change is intended to eliminate any confusion regarding a typo in the cover letter attached to the original grant funding opportunity announcement.

Although the deadline for application has changed, the dates for deliverables and the end date for the grant period are not changed and remain as stated in the grant funding announcement.
